

150A 600V MALE CAM TYPE PLUG

## Features & Benefits

Thermoplastic elastomer housing for outstanding impact and chemical resistance, as well as an exceptional seal for maintaining NEMA Type 3R and 4 integrity.

Heavy-duty brass male and female contacts provide a superior and consistent means of conductivity.

Non-conductive retaining screw helps to insure no contact with live parts, along with providing stability to the fully assembled product.

Heavy-duty hex set screws allow greater termination torque.

## Specifications

### General Info
