

Wattstopper
PIR Wall Switch Sensor w/Neutral wire, 347 V, Ivory
Part No. PW-101-347-I

The PW-101 passive infrared (PIR) wall switch sensor can turn lights OFF and ON based on occupancy. It is characterized by high sensitivity to small and large movements, appealing aesthetics, and a variety of features.

Features & Benefits

High sensitivity and dense coverage for exceptional performance

Includes neutral wire to meet NEC 2011 code

Color-matched lens and low profile for appealing design

Selectable operation, walk-through, test and presentation modes for increased energy savings and convenience

Defaults to Manual-ON operation for maximum energy savings

Specifications

General Info

Product Line	Wattstopper	Color	Ivory
UPC Number	754182923571	Country Of Origin	China

Dimensions

Product Width US	3.0 in	Product Volume US	36.06 cu in
Product Depth US	2.48 in	Product Height US	4.8 in

Additional Information

Product Environmental Profile	Yes
