

## Wattstopper PIR Dimmable Wall Switch Sensor, Universal, 120V, Ivory, USA Part No. PW-101D-I-U

The PW-100D and PW-101D passive infrared (PIR) dimmable wall switch sensors can turns light OFF and ON based on occupancy. It is characterized by high sensitivity to small and large movements, appealing aesthetics, and a variety of features.

## Features & Benefits

Defaults to Manual-ON operation for maximum energy High sensitivity and dense coverage for exceptional performance savings

Pushbutton dimming control and optional locked Color-matched lens and low profile for appealing design preset level for many lighting types

Selectable operation, walk-through, test and presentation modes for Part of a comprehensive line of PIR, Ultrasonic and increased energy savings and convenience

700 W

Dual Technology wall switch sensors

120.0 V

## Specifications

## General Info

Ceneral inio			
Product Line	Wattstopper	Color	lvory
UPC Number	754182938490	Country Of Origin	United States
Additional Information			
Product Environmental Profile	Yes		
Technical Information			
Sensor Type	Occupancy	Amperage	5.8 A

Voltage

Wattage
