

Shading Systems QIS Hardwired Shades Part No. QIS

Legrand Shading Systems delivers a more simple and sophisticated automated shade that offers both ease of use and dependability. Choose from shades in a wide range of colors and styles, with a bevy of options. All automated roller shades can be controlled via remote, smart phone or tablet, or with our exclusive manual override feature, which does not strip the motor, unlike traditional roller shades. Legrand Shading Intelligent System hardwired shades deliver a robust and dependable control system. The QIS systems are also compatible with fascia as well as controls. Shades may be controlled with either iOS or Android smart devices or QdR2 remote for Zigbee HA1.2.

Features & Benefits

Uses standard Cat5e/6 for power and communication

Engineered to be energy efficient, drawing minimal power for operation

Integrate with popular automation systems

Can be installed as a dual shade

Uses standard Cat5e/6 for power and communication
