radiant® Smart Fan Controller with Netatmo, White
Part No. WNRF10WH

The radiant® Smart Fan Controller allows you to remotely control your ceiling fan (AC motor) with up to four different fan speeds for precise comfort and control. The smart fan controller is a part of the radiant Smart Lighting with Netatmo system, allowing you to set the exact fan speed you need, from anywhere, using the Home + Control app, or through integration with major smart home platforms like Amazon Alexa, Apple Home, or Google Home. Each Smart Lighting with Netatmo system starts with a smart gateway and creates a dedicated, robust mesh network with each primary smart switch, dimmer, outlet or fan controller that is added to your home. Pair this with either a battery-operated wireless or wired fan speed remote to add additional control points for multi-location control anywhere, simplifying traditional 3-way installations. Build a solution that perfectly fits a home's unique spaces and needs with a smart lighting solution that coordinates and matches existing devices in the radiant collection for a cohesive look throughout the home. Screwless Wall Plates from the radiant(R) collection included.

Features & Benefits

Smart Gateway with Netatmo REQUIRED.

4 Selectable Fan Speeds: Choose from four different speed levels for the optimal amount of comfort. Retains memory of set fan speed level after power outage.

Smart Control: Control ceiling fans with your smartphone or tablet using the Legrand Home + Control app, including automated scheduling to turn your fans on and off at specified times.

Integration with Smart Home Platforms: Harness voice commands or other functionality by integrating your Smart Lighting with Netatmo system with either Google Home, Apple Home or Amazon Alexa.

3-Way Control: Pair with a wired or wireless (battery-operated) remote fan controller for multi-location control. Compatible with new builds or retrofits.

Color Change Kits: Additional device colors are available with the use of interchangeable color change kits to match our wide array of radiant® colors. Including: Black, Gray, Nickel, Graphite, Dark Bronze, Light Almond, White, Brown & Ivory.

Reliable Performance: Connects back to the Smart Gateway using a robust and dedicated mesh network that is strengthened with each primary device (switch, dimmer, outlet, fan controller) that is added to the system.

Fan Compatibility: For ceiling paddle fans with AC motors up to 1.6A. Controls fan motor only; do not control fan + light on same switch. If fan has remote or pull chain, set to highest speed and do not use a third-party remote with the controller.

Quiet Operation: De-Hummer design helps reduce motor hum

Quick Comfort: Access the maximum fan speed quickly by a double press on the paddle switch.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Satin	UPC Number	785007499926

Country Of Origin	China	Material	Polycarbonate
Features	Fan Control, Smart Lighting, With Netatmo	Switch Type	Paddle
Number of Switches	1	Works With	Amazon Alexa, Apple Home, Google Home
Application Sector	Residential	Warranty Type	1-Year Limited Warranty
Dimensions			
Product Width US	1.85 in	Product Depth US	1.89 in
Product Height US	4.09 in		
Listing Agencies / 3rd Party Agencies			
cULus Listed	Yes		
Additional Information			
Energy Savings	No		
Technical Information			
Load Rating	120V 1.6A (FAN MOTOR)	Number of Poles	Single Pole 3-Way
Requires Neutral Wire	Yes	Indoor/Outdoor	Indoor
Mounting Type	Wall Box	Wire Connection Type	Screw Terminals
Voltage	120 VAC	Load Type	Fan Motor
