radiant® Wireless Remote Smart Fan Controller with Netatmo, White
Part No. WNRF23WH

The wireless remote smart fan controller allows you to wirelessly control a primary smart fan controller from a new location. The wireless remote is battery-powered and communicates wirelessly back to an installed primary fan controller. The remote must first be paired with a Smart Gateway with Netatmo and then associated, through the Legrand Home + Control app, with an already installed primary smart fan controller. This is ideal for locations where you want additional 3-way or multi-location control but do not have existing wiring. The battery in each remote can last upwards of 8 years without needing to be replaced. Each battery-operated wireless remote includes adhesive mounting strips and can either mount standalone on a wall, looking like a standard switch with wallplate or be mounted next to existing devices from the radiant(R) collection. Made exclusively for use with wall plates from the radiant(R) collection.

Features & Benefits

Smart Gateway with Netatmo and Primary Smart Fan Controller (WNAF or WNRF) REQUIRED

Eliminate Traveler Wires: Wireless remotes are battery-powered and communicate wirelessly back to a primary fan speed controller – eliminating the need to run separate traveler wires in new construction for multi-location control.

3-Way Control for Fans: Designed to be used in a 3-way or multi-location control environment when paired with a primary Smart Lighting with Netatmo Fan Controller

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network created by each primary Netatmo device

Multiple Collections and Color Options: Choose from either the adorne® or radiant® collection to fit a home's unique needs.

Color Change Kits: Additional device colors are available with the use of interchangeable color change kits to match our wide array of radiant® colors. Including: Black, Gray, Nickel, Graphite, Dark Bronze, Light Almond, White, Brown & Ivory.

Specifications

General Info

Product Line	Pass & Seymour	Color	White
Finish	Satin	UPC Number	785007501391
Country Of Origin	China	Material	Polycarbonate
Features	Battery-Operated, Smart Lighting, With Netatmo	Switch Type	Paddle
Number of Switches	1	Works With	Amazon Alexa, Apple Home, Google Home

Application Sector	Residential	Warranty Type	1-Year Limited Warranty
Dimensions			
Product Width US	1.8 in	Product Depth US	0.4 in
Product Height US	4.78 in		
Listing Agencies / 3rd Party Agencies			
cULus Listed	Yes		
Additional Information			
Energy Savings	No		
Technical Information			
Requires Neutral Wire	No	Indoor/Outdoor	Indoor
Mounting Type	Surface Mount, Wall Box	Wire Connection Type	Battery Powered
