radiant Collection

# radiant® Smart Switch with Wi-Fi, Matter-Enabled, White

Part No. WWMRL10WH

Take comfort in the convenience of controlling your lights from any smart device, whether you're home or not. The Smart Switch with Matter enables you to control your lights and set scenes and schedules using any Matter-compliant smart home platform. Combining classic design and advanced functionality with a simple connection to your existing smart home solution using your home's existing wireless network. Boasting advanced functionality with a simple connection among existing smart home solutions on your home's wireless network, Smart Lighting from the radiant® Collection sets the exact lighting you want – when and where you need it.

## Features & Benefits

Matter Controller Required: A compatible Matter controller is required for successful installation. For a list of Matter controllers, please visit legrand.us/matter

Wi-Fi Connected: Works with a home's existing secure 2.4 GHz Wi-Fi network.

Consolidated Control: Can be controlled through any Matter compliant smart home platform's application – no separate manufacturer application required for onboarding of 2nd Gen Wi-Fi devices.

Consistent Look: Mix and match radiant® smart lighting products with standard devices without sacrificing the designer look and feel.

Compatibility: Device comes with Matter built-in, allowing for greater interoperability and compatibility with the latest smart home assistants and platforms – including Apple HomeKit, Google Home, Amazon Alexa and Samsung SmartThings.

Screwless Wall Plate Included: Includes a radiant® wall plate in the box.

Easy Setup: Simply scan the Matter QR code on the device with your smartphone's camera or smart home application to begin the setup process.

Local Control: Devices are designed to work when your home loses connection to the internet. Devices communicate directly with a Matter controller, allowing for a faster, more reliable local processing of commands without needing an internet connection.

Voice Control: When paired with a voice assistant, use your voice to turn on the lights or set more advance scenes, schedules or routines.

Neutral Wire Required: Switches and dimmers require a neutral wire in the electrical box.

Easy Installation: Installs easily in place of an existing switch or dimmer with a neutral wire. Operates in a single-pole or 3-way applications (with use of any 3-way switch).

## Specifications

### General Info

| | | | |
|---|---|---|---|
| Product Line | Pass & Seymour | Color | White |
