

Ortronics
28awg Reduced Diameter CAT 6 channel cord, black, 5'
Part No. RDC605-00

Ortronics® reduced diameter (RDC) patch cord for CAT6 & CAT6A applications provide a smaller cable diameter while still supporting applications up to and including 10 Gigabit Ethernet. These reduced diameter cords occupy less than 60% of the space required for MC6 & MC6A cords.

Features & Benefits

- Each cord is 100% factory tested: Ensures every cord shipped support Category 6a channel specifications.
- Reduced cable diameter:: Tighter bend radiuses & occupy less cable management space supporting more airflow
- Premium plug designed for reduced OD 28AWG patch cable: Protects performance through the plug termination
- Snagless plug design: Protects plugs when routing through cable managers or pathways.
- Premium 28AWG conductor cordage: Reliable performance and durable cord life.
- Backwards compatible to Category 6, and 5e: Supports lower category installations and components.
- Improved cable flexibility: Supports simple routing and cable management

Specifications

General Info

Product Line	Ortronics	UPC Number	662875005681
Country Of Origin	Mexico	Application Sector	Commercial, Industrial
Standard	FCC	Type	Reduced Diameter Patch Cords

Dimensions

Product Length US	5.0 FT
