

Pass and Seymour
20A 125V Fed Spec-Grade Plug Load RF Dual-Control Duplex Receptacle, Ivory
Part No. RF26352CDI

Energy savings and code compliance can be easily achieved through automatic plug load control via wireless RF communication between the Plug Load RF Signal Pack (RFP) and the Plug Load RF Receptacle.

Features & Benefits

Wireless control of plug load via RF communication and integral relay.

Available in 'TP' series, extra 3/16 inch width and height than Standard size plates; and 'TPJ' series, extra 3/16 inch width and height than Junior-Jumbo size plates.

Product meets requirements of UL498B: Receptacles with integral switching means.

Binding button on face also serves as a manual override.

Simple, three-step binding process for wireless communication with RF Single Pack

Corrosion-resistant plated steel strap locked into face and back body to resist pulling away from face/body assembly.

.032 inch thick, brass, triple-wipe power contacts for lasting retention.

LED Indicator Light on the receptacle guides binding process and indicated power to the receptacle.

Permanently molded face offers clear identification of controlled receptacle for end users.
