Resource RFBE® Series Floor Boxes are versatile recessed activation floor box solutions that provide power, communication and/or A/V services to open space areas, or directly to workstations. 6-gang of capacity allow you to configure services for the needs of your space. It is available in a variety of aesthetic round Evolution series poke-thru cover color and shape options to choose from. Resource RFB Series Floor Boxes are the perfect fit for classrooms, financial institutions, commercial offices,and hospitality.

Features & Benefits

Six-compartment box: To accommodate power, communication, or A/V.

Accepts 2'' trade size conduit hub (2HUB): Allows a 2'' trade size conduit to attach to the side of box while minimizing concrete pour depth.

Suitable for above grade ground level floors: above-grade version fits in concrete pours of greater than 4-1/16''.

Pass-around tunneling: Flexible design of RFBE Series floor boxes allows adjacent compartments to be wired together.

Accepts round Evolution series poke-thru covers: Covers come in surface and flush styles, available in brushed aluminum, satin brass plated, satin nickel plated, and six powder-coated finishes to blend in with any space.

Easy installation in many floor surface types: Carpet, Tile, Bare concrete and Terrazzo floors.

Specifications
