

Vantage
RadioLink Keypad
Part No. RK12XE-AWNA

With two programmable buttons, RadioLink keypads provide scene control for transition areas such as hallways or pathways that are traditionally wired with 3- or 4-way switches. In existing structures, RadioLink keypads quickly install in the place of standard switches without running new wires. In addition, RadioLink keypads will fit the needs of any new construction project, allowing for incremental expansion of a system to accommodate almost any design or budget.

Features & Benefits

Full range, RGB, adjustable backlight for buttons

Hidden, ambient light sensor for automatic day/night backlight intensity control

Hidden, built-in IR receiver

Specifications

General Info

Product Line	Vantage	Color	White
UPC Number	840624126720	Application Sector	Residential
Type	Accessory		

Dimensions

Product Width US	4.0 in	Product Weight US	0.53 lb
Product Height US	2.75 in	Product Length US	6.25 in

Additional Information

RoHS Compliant	Yes
----------------	-----

Technical Information

Seismic Tested	No
