

Shim-Lock .310-in, Length Screw Opening #6. Package of 100.

Features & Benefits

One Shim-Lock provides a device adjustment depth range between 1/8 inch and 3/4 inch.

Provides a perfect flush mount every time, regardless of the wallboard, tile or panel condition.

For covering patents, see www.legrand.us/patents.

An inexpensive and quick fix for floating installations.

Made of steel and finished with clear zinc chromate plating.

For compatible wall plate options, from our TradeMaster unbreakable plates to our radiant screwless plates to our metal wall plates, [click here](#).
