

TechChoice patch panel with front loading individual bezel design allows rear loading jacks to be accessed and loaded from the front of the panel. These unloaded panels can flush mount whatever your mix of keystone jacks for field configurability. Panels provide a cost-effective option for combining reliability and ease of installation for communications technicians.

Features & Benefits

- Accepts TechChoice Keystone jacks: Support for copper, fiber, and A/V.
- Optimum keystone density design: Supports maximizing rack utilization.
- Jacks rear load into bezels : Terminations can be done from rear of panel.
- Bezels front load into panels: Terminations can be done or accessed from front of panel.
- Silkscreened port numbers on face of panel: Easy port identification.

Specifications

General Info			
Product Line	Ortronics	Color	White
UPC Number	662875986386	Country Of Origin	Taiwan, Province Of China
Application Sector	Commercial, Industrial	Warranty Type	5-Year
Type	Panel		
Dimensions			
Product Width US	19.0 in		
Additional Information			
RoHS Compliant	Yes		
Technical Information			
Compatibility	TechChoice Keystone	Rack Units	2
