

Duplex Receptacle◆Screwless Wall Plate with Plastic Sub-plate, 2-gang,◆Light Almond

Features & Benefits

- Molded of rugged .065" thick polycarbonate.
- Seamless, sleek, super smooth construction provides no dirt-catching channel around plate's perimeter.
- Two-piece plastic subplate bridges recessed boxes and uneven sheet rock. Fixes floating installations.
- An extra 1/8" width and height than standard size wall plates for more tolerance in covering ragged sheet rock openings.
- Automatic alignment pins ensure that devices are properly positioned so that wall plates fit perfectly.
- For covering patents, see www.legrand.us/patents.

Specifications

General Info
