

Cablofil
Cablocut Electric Wire Mesh Cutter
Part No. Cablocut

This battery powered wire mesh cable tray cutter is able to cut Steel or Stainless Steel trays up to 6mm dia easily, quickly, and cleanly.

Wire Mesh Cable Tray delivers reliable, high-performance cable management with an open design that enhances airflow, reduces heat buildup, and maximizes cable capacity. Its modular system enables fast installation, easy routing, and seamless future upgrades. The cable tray system offers a fast, flexible, and adaptable solution for cable management with easy installation and maintenance.

Features & Benefits

6 mm Cutting Capacity: Cuts steel and stainless steel wire mesh cable tray up to 6 mm in diameter for fast, efficient field fabrication.

Compact Cutting Head: Fits close to intersecting cross wires to create flush, precise cuts when forming bends, tees and other pathway configurations.

User-Replaceable Shear Blades: Allows worn blades to be changed in the field, simplifying maintenance and helping keep the cutter productive. Battery and charger are sold separately.

Clean Shear-Cut Design: Produces smooth cuts without grinding, helping minimize burrs, follow-up work and potential cable damage.

Hydraulic Damping System: Helps extend tool life and reduce oil leakage for more dependable performance on the jobsite.

Specifications

General Info

Product Line	Cablofil	Application Sector	Data Center
Type	Cutting		

Additional Information

Product Environmental Profile	Yes
