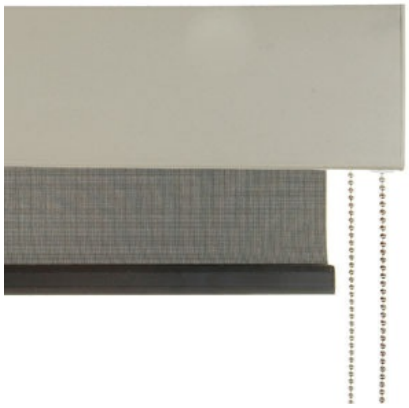
Shading Systems
Teleshade Series
Part No. TS-Manual



Legrand Commercial Teleshade (TS) series is a configured shade cassette that provides easy to install shades with enhanced features. The shades and large selection of fabric options provide glare control and allow occupants to access daylight and views. The TS system is also offered as a motorized solution and allows for a complete product solution for any shading project.

Features & Benefits

- Factory configured shade cassette system allows for quick and easy shade installation, reduces installation cost, and common mistakes
- Heavy-duty bracket system provides up to 66% installation efficiencies compared to non-cassette roller shades
- Aluminum tubes: no rust stains on the fabric from high humidity locations
- Legrand Shading Systems standard 25 year limited hardware warranty
- Five additional bracket options are available for various side and top mount applications for additional mounting flexibility
- Many options, including standard and reverse roll, pockets, room darkening, multiple control options, and the Cord Keeper to comply with Canadian cord safety regulations (manual TS)
- Light gap – 3/4 in (19 mm) symmetrical light gaps

Specifications

General Info

Product Line	Shading Systems	Application Sector	Commercial

Dimensions

Maximum Product Height	200 in	Maximum Product Width	129 in

Additional Information

Product Has Potential to Contribute to LEED	Yes

Technical Information

Has Battery	No
