

Vantage  
Standard Dimming Module Retro Terminal Kit + Plastic Back Plate  
Part No. TROSDM-P-KIT

Vantage's AC Terminal Boards are sold and installed separately from the enclosures. This allows the installer to use different module models inside the enclosure. The TROSDM-P-KIT supports the SDM12-EM Module for retrofit installations in existing enclosures.

## Features & Benefits

Terminal boards support eight loads as well as two line feeds and 12 neutrals.

Includes one TROSDM-L (4 load, left board), one TROSDM-R (4 load, right board), module load labels (one pair), one plastic back plate, two #6-32 x 7/8 Screws

For enclosures with plastic standoffs (enclosures shipped after February 2005) instead of pem-studs (metal standoffs), the new plastic back plate is needed.

## Specifications

### General Info

Product Line	Vantage	UPC Number	804428065142
Country Of Origin	China	Application Sector	Commercial, Residential
Warranty Type	5-Year	Type	Terminal Board

### Dimensions

Product Width US	2.125 in	Product Weight US	10.4 oz
Product Depth US	0.875 in	Product Height US	7.8 in
