

Vista Architectural Columns get the wiring capabilities you need, where you need them, without compromising the aesthetics of your interior decor.

Features & Benefits

Flexibility. Choose from a range of center panels, extensions, and frame options to accommodate your wire and cable capacity requirements.

Frame options. Square or rounded end channels provide multiple profiles to enhance any interior.

Wood and metal laminates. Center panels are available with the latest laminate finishes.

Perforated metal. Metal center panels are paintable in a wide range of choices to integrate with any color palette.

Glass panels. Give your interior a translucent look with our selection of glass center panels.

Fabric panels. Choose from many options of textures and patterns.

Lighting. Add virtually any commercially available lighting fixture using this bracket.

Furniture feed options. Modular furniture feeds are available, at the beltline and ground level.

Device compatibility. Compatible with a wide range of standard power and communications devices.

On-line design tool. Visit www.wiremold.com/vista to preview or design your own Vista Open-Space Power and Communications Delivery.

UL and cULus Listed.
