

Wiremold  
Discontinued - WAPBRKT Overhead System Wireless Access Point Bracket  
Part No. WAPBRKT

The Wiremold Wireless Access Point Ceiling Enclosure (WAPENCL) provides a secure enclosure for mounting wireless access points into a grid ceiling system. The enclosure provides a permanent location that will accommodate most leading manufacturers' wireless access points. Designed for easy assembly, the enclosure can be fully assembled into a ceiling tile on a regular work surface before being installed into the overhead ceiling grid system. The cover, which is also removable, has knockouts that can accept a variety of antenna configurations. The enclosure is constructed of lightweight aluminum and painted with a textured white powder coat finish to blend aesthetically with most ceiling finishes.

## Features & Benefits

Versatile design: Works with most manufacturers' cable tray applications.

Support Bars provided: Can be attached directly to multiple sizes of threaded rods.

Multiple mounting options: User-configurable mounting system, with included strap hardware, supports a wide variety of mounting configurations.

Adaptability: Multiple openings provided to accommodate most access points available today.

Large capacity compartment: 12 3/4" long x 9 1/2" wide x 3 1/8" deep opening provides space for most leading manufacturers' AP products.

Galvanized steel construction: For maximum strength.

This product meets the material restrictions of RoHS

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786776061390
Country Of Origin	United States	Standard	cULus Listed Communication Circuit Accessories: File E145222 Guide DUXR: Meets Article 800 of NEC. Meets Article 60-308 of CEC.

### Additional Information

RoHS Compliant	Yes
