

Bring reliable, accessible power to the healthcare spaces that keep operations moving. The Plugmold with Hospital Grade Receptacles is a low-profile, surface-mounted multioutlet system designed for non-patient care areas such as nurses' stations and equipment rooms, where teams often prefer hospital-grade devices to simplify replacement, stocking and inspection readiness. It helps streamline installation and ongoing maintenance while keeping layouts clean and consistent.

Features & Benefits

- Duplex tamper-resistant hospital grade receptacles (20 amp) Surface-mounted multioulet system
- Low-profile steel housing with color-coded receptacle options allowing for clear circuit identification

Specifications

General Info

Product Line	Wiremold	Color	Ivory, Ivory
UPC Number	786776201178	Country Of Origin	United States
Material	Steel	Product Series	2400 Series
Number of Receptacles	3	Features	Hospital Grade
Outlet Type	Tamper-Resistant	Application Sector	Commercial
Warranty Type	1-Year from Installation or 2-Years from Day of Sale	Type	Plugmold
Installed Devices	Duplex Receptacle		

Dimensions

Product Width US	2.0 in	Product Height US	1.625 in
Product Length US	36.0 in	Receptacle Spacing	12 in
