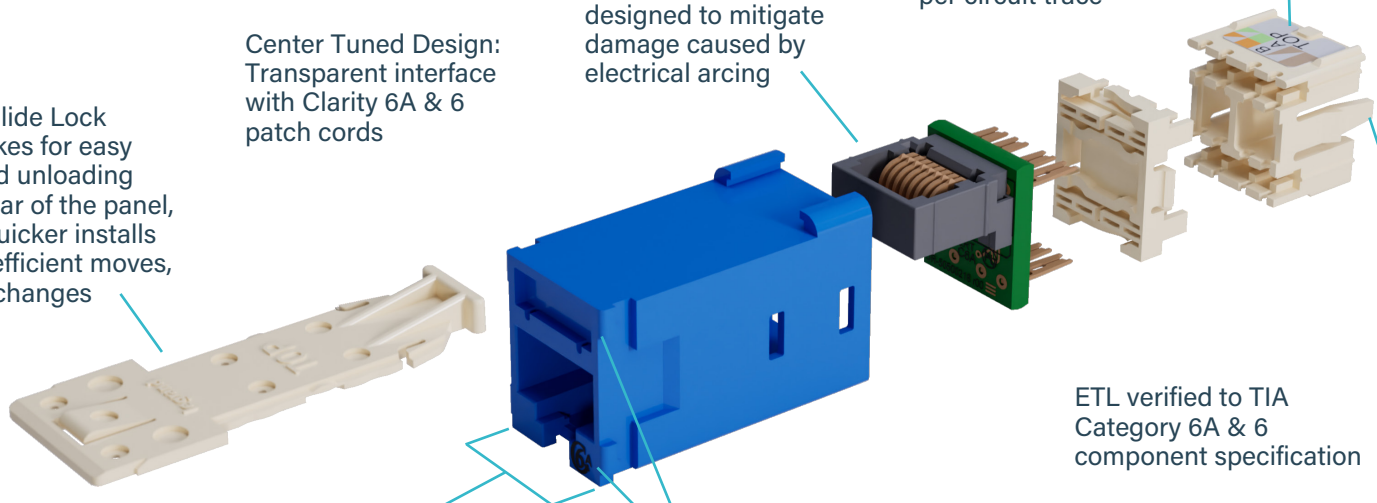
ORTRONICS

Clarity High Density Jack (HDJ)

Premium Solution

(Rear Loading, Lacing Cap Termination)
UTP: Cat5E, Cat6, Cat6A | **FTP**: Cat6, Cat6A
Opportunities: High-Performance Data Networks, University Campuses, Commercial Leaders, Healthcare



Patented Slide Lock design makes for easy loading and unloading from the rear of the panel, meaning quicker installs and more efficient moves, adds, and changes

Center Tuned Design: Transparent interface with Clarity 6A & 6 patch cords

50micro-inch gold plated contacts designed to mitigate damage caused by electrical arcing

Enable High-Power PoE with up to 100W and 1.5 amps per circuit trace

Easy to follow universal wiring label

Lacing Cap Termination instead of a 110-Punch means a quicker termination and installation time

Tabs on the lacing cap for easy removal and re-termination

ETL verified to TIA Category 6A & 6 component specification

The compact High Density Footprint Supports 48 port 1RU panel applications

Icon slot and category designation on the jack face for easy identification. Supports 606 designation requirements

Also available in cartons of 20 or bulk packs of 25

HDJ crimp tool included in every box
