DESCRIPTION

The Wattstopper PLUS SC Scene Dimming Wallstation series is a multi-scene, single-zone dimming Wallstation that provides customized light level control in areas such as boardrooms, conference rooms, private offices, and other areas requiring architectural dimming.

The SC Series allows the user to select pre-programmed light levels or “scenes” with the push of a button. Scene configuration can be changed via Polaris Software.

The SC Series Wallstations are available in Wired and Wireless designs with multiple color aesthetics to suit a range of applications.

FEATURES

- Available in either 3 Scene or 5 Scene configuration options
- The sleek, aesthetic designs are suitable for all interior locations
- Available in White, Ivory, Gray, and Black to suit a range of interior designs
- Available in both Wireless and Wired versions with simple installation with tool-less mounting
- Setup and configuration via Polaris™ software
- Wireless wallstation offer 10-year battery life with automatic battery monitoring via Polaris software
