SATISFY THE POWER HUNGRY
OUTDOOR CHARGING STATIONS

POWER UP. POWER OUT.

OUTDOORS IS THE NEW INDOORS.

An explosion of technology is changing the ways people work and use space. Wifi and cellphones have blurred the line of where people connect — outside, inside — it doesn't matter. And, whether it's charging a tablet or powering an outdoor event, Legrand Outdoor Power solutions are delivering everything you need to adapt to today's shifting demands.

Outdoor Power by Legrand is a new product offering that brings safe, permanent power outside to enhance the way guests and employees think of your exterior space. Legrand helps you create an environment to promote longer stays, better productivity and more positive experiences within your facility. Let's face it — people love being outdoors. And now all the power they need is right where they need it.

TAP INTO A BRILLIANT NEW POWER SOURCE.

A BRAVE NEW WORLD OF CONNECTIVITY CALLS FOR BRIGHT NEW SOLUTIONS.

The first Outdoor Power offering from Legrand focuses on supporting connectivity with a full family of mobile device charging stations that lets people power up in your great outdoors. These elegantly designed pedestals include a combination of standard power outlets, USB outlets, and LED lights to illuminate pathways at night.

The line is composed of three charging station models, all of which are available in three finishes - black, bronze, and silver.

Available options include LED accent light option (left), table-height charging station (above), and area light option for charging plus pathway illumination (right).

PEDESTALS OF POWER

With three models and lots of finish and accessory options to choose from, you will have no problem selecting the perfect charging station to suit your needs.

CHARGING STATION WITH AREA LIGHT
Features larger LED lighting for pathways. | **48.5" HEIGHT**

CHARGING STATION WITH ACCENT LIGHT
Includes a small locator light for easy night-time visibility in any space. | **46.5" HEIGHT**

CHARGING STATION
Ideal for areas that are already illuminated, such as outdoor dining spaces. | **34" HEIGHT**
