

Ensure protection at the critical fusion junction between two fusion spliced optical fibers. This heat-shrink sleeve is 40 mm in length and provides a 3.0 mm diameter opening to accommodate 3.0 mm fiber cables. It has been designed to make VFL verification easy to accomplish due to the transparent construction and a stainless steel wire strength member is present to ensure additional robustness at the sight of the splice connection. These splice on connector heat shrink sleeves are packaged in quantities of 50, and are recommended for the fusion splicing of fiber optic cabling.

Specifications

General Info

Product Line	Ortronics	UPC Number	662875262961
Country Of Origin	Mexico		

Additional Information

Product Environmental Profile	Yes
