radiant® Tamper-Resistant Sensitive Appliance Duplex 20A Duplex Self-Test GFCI Receptacles with SafeLock® Protection, White
Part No. 2097TRAPLW

Perfect for providing dedicated power and reliable ground-fault protection, the simplex 20A GFCI features a single, tamper-resistant outlet and self-tests automatically every three seconds for electrical safety you can trust. Meeting the National Electrical Code requirements for ground fault protection in the home, GFCI wall outlets make it easier to fix trips right where they happen – no more confusion or running to the breaker box. 20A outlets are ideal for use with larger appliances, as well as to meet regional needs (Chicago, Canada). GFCI protection is required by code in bathrooms, kitchens, garages, basements, outdoor areas, and for any other outlets found within six feet of a sink or water source. GFCI outlets should always be used when replacing existing GFCI outlets during renovation. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI receptacles make it easier to fix trips with a reset button right on the device

Designed for dedicated use with large and/or stationary appliances, this GFCI outlet limits tripping caused from variable-speed drives

Conducts an industry-leading automatic self-test every 3 seconds. If the device ever fails, the indicator light flashes to signal it should be replaced

Equipped with proven SafeLock protection feature: if critical components are damaged and protection is lost, power to the outlet is disconnected

Replaces a traditional outlet easily, in as little as 10 minutes

Extends GFCI protection to "downstream" outlets when used with feed-thru wiring configuration. Note: Will cut power to face and downstream outlets if wired incorrectly

Protects children with a patented tamper-resistant shutter system that prevents improper insertion of foreign objects, complete with "invisi-shutters" for an invisible effect

Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection

Specifications

General Info

Product Line	Pass & Seymour	Replaced by Part Number	
Color	White	Finish	Matte
Country Of Origin	China	Outlet Type	GFCI, Indoor, Residential, Self-Test, Tamper-Resistant
Application Sector	Residential/Commercial	Standard	RoHS, cULus
Warranty Type	1 Year from Day of Sale	Type	GFCI, Tamper-Resistant

Dimensions

Product Width US	1.73 in	Product Depth US	1.03 in
Product Height US	4.2 in		

Listing Agencies / 3rd Party Agencies

cULus Listed	Yes

Additional Information

RoHS Conformant	Yes	Product Has Potential to Contribute to LEED	Yes

Technical Information

Is Tamper-Resistant	Yes	Amperage	20 A

Is Weather Resistant	No	Indoor/Outdoor	Indoor
Wattage	2500 W	NEMA Configuration Code	5-20R
Voltage	125.0 V
