

Enjoy superior safety and the convenience of built-in USB charging, in a first-of-its-kind outlet! Perfect for adding modern connectivity anywhere, including areas of the home where ground fault protection is required (kitchens, bathrooms, laundry rooms, etc). This outlet makes it easy to see and reset electrical trips right where they happen, while also providing two USB connections for keeping phones or tablets charged, no bulky adapter required. Made exclusively for use with screwless Wall Plates from the radiant $\circledR^{\circledR}$ Collection, sold separately.

## Features \& Benefits

First outlet of its kind to add USB connection to a GFCI outlet Provides reliable ground fault protection with a trip indicator light and reset button on for easier charging, anywhere

Includes traditional power outlets and two USB Type-A ports for convenient charging. Shares 2.0A charging capacity between both ports

Equipped with proven SafeLock ${ }^{\text {TM }}$ feature which disconnects power to the outlet if any critical components are damaged for added protection
nstalls quickly thanks to a redesigned side wire cavity for easier access

Complete the look with a sleek, screwless radiant ${ }^{\circledR}$ Wall Plate, and coordinate with other designer switches and outlets available from the radiant ${ }^{\circledR}$ Collection
