

Cablofil CabloPort Block 10" Long [943524] Part No. 943524

Cablo-Port is a UV and Weather resistant rubber base that creates a cushion

between rooftop mounted equipment and sensitive roofing materials. Available in

two styles, the Standard style is perfect for smaller loads and tight spaces and the

Widebody design provides a broad base to minimize roof pressure and a larger

area for glue application. Cablo-Port is also available with a wide variety of

pre-mounted support options, including FAS P and Channel.

Widebody design: has 1,000 lbs/ft maximum load and provides 5 times the surface to

minimize roof material pressure, increase load capacity and provide over 120 square

Features & Benefits

Cable pathway or other products mounted to base with clamps and screws.

Curb style: maximum load 500 lbs. (CP5 - maximum load 150 lbs.).

Composite material: allows through bolts or lag type screws (through bolts recommended)
