

QIS Wired Wall Switches are available in single-channel and multi-channel options to provide in-wall, wired control of QIS shades.

## Features & Benefits

Provide wired control of up to 200 QIS shades per switch	Available in single-channel and multi-channel options
Available in single and dual switch form factors	Dual switch requires single connection
Default preset options are set at 33% and 66% based on the lower limit	Powered via Cat5e/6
Requires QIS Power and Communication panel for operation	Note: The QIS panel, shades, and switches do not support a PoE (Power over Ethernet) wiring or power scheme

## Specifications

### General Info

Product Line	Shading Systems	Application Sector	Residential
Standard	FCC, IC, CE, RCM, RoHS		

### Dimensions

Product Width US	2.7 in	Product Height US	1.0 in
Product Length US	1.3 in		

### Additional Information

Product Has Potential to Contribute to LEED	Yes
