

adorne Collection adorne® Tamper-Resistant 20A Duplex Self-Test GFCI Receptacles, White Part No. AGFTR2202W4

Add contemporary style, safely, to kitchens, bathrooms and more, with GFCI Outlets from the adorne Collection. Meeting Electrical Code* for ground fault protection in the home, GFCI outlets make it easier to fix trips right where they happen – no more confusion or running to the breaker box. The adorne GFCI Outlets also self-test automatically every three seconds to ensure reliable protection from shock due to ground fault occurrences. *GFCI protection is required by code in bathrooms, kitchens, garages, basements, outdoor areas, and for any other outlets found within six feet of a sink or water source. GFCI outlets should always be used when replacing existing GFCI outlets during renovation. Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

Features & Benefits

For complete installation, device must be paired with an adorne® screwless Wall Plate (not included). Available in a range of contemporary colors and stunning finishes.

Conducts an industry-leading automatic self-test every 3 seconds. If the device ever fails, the indicator light flashes to signal it should be replaced.

Protects children with a patented tamper-resistant shutter system that prevents improper insertion of foreign objects, complete with "invisi-shutters" for an invisible effect.

More color options available to fit any style, including finishes to match current hardware and lighting trends.

Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI outlets make it easier to fix trips with a convenient reset button on the outlet.

Offers the capacity of a standard 20A outlet, in a uniquely contemporary design.

Replaces any standard outlet with ease, in as little as 15 minutes.
