

Cablofil

Aluminum Expansion Guide Clamp w/Zinc-Plated Steel (10/BAG) (TRA)Part No. P087850

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Designed for use with all trays.

Specifications

General Info			
Product Line	Cablofil	Finish	AL
UPC Number	800388046221	Country Of Origin	Mexico
Application Sector	Commercial/Industrial	Standard	UL Classified
