

radiant Collection  
radiant® Smart Switch Hub Kit with Netatmo, White  
Part No. WNRKH10WH

Smart Lighting lets you set the exact lighting you need, from anywhere, adding safety and convenience to your home. And delivering it all with unprecedented range and reliability, radiant® with Netatmo leverages leading Netatmo technology to provide an ideal solution for larger homes with many smart products. Perfect for getting a radiant with Netatmo system started, this kit includes (1) Smart Surface-Mount Gateway (WNRH2WH) and (1) Smart Switch (WNRL10WH) with Netatmo. Screwless Wall Plates from the radiant® Collection also included. First, the Gateway establishes a robust and dedicated mesh network that actually strengthens with every “with Netatmo” device you add. The Smart Switch then easily installs in place of an existing switch to allow advanced smart control of lights, from anywhere, through the Legrand Home + Control app. Install more Smart Switches, Dimmers and Outlets with Netatmo (up to 98 per Gateway) to expand your system to fit a home’s unique needs.

## Features & Benefits

The foundation of a radiant with Netatmo solution, the surface-mount Gateway is cleverly designed to install easily beside an existing single-gang switch or outlet, no back box or network wiring required

Controls lights, from anywhere, via smartphones and tablets through the Legrand Home + Control app. Schedule lights to turn on/off automatically, create groups, set scenes, monitor energy usage and more

Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems

Screwless Wall Plate included. Coordinate with other designer switches and outlets available from the radiant® Collection for a cohesive, sophisticated look

Features ultra-reliable performance through a robust and dedicated mesh-network

Smart Switch installs easily in place of an existing single-pole switch or dimmer (neutral wire required). For easy 3-way control, pair with a Wireless Smart Switch with Netatmo

Part of the radiant with Netatmo solution, which flexibly fits a home’s unique needs with a variety of supported smart switches, dimmers and outlets (including wireless switches and dimmers)
