

The Power Pedestal is ideal for areas that are already illuminated, such as outdoor dining areas. Shorter height enables use besides tables or as a lower-profile solution in landscaping. Station includes two duplex GFCI receptacles and one 4-Port USB Outlet.

Features & Benefits

2- or 3-Gang Options – Customize the station with

two or three gangs of devices to meet your facility's Outdoor-Rated Construction – Rugged aluminum form designed for unique needs. Prewired versions include weather- durability in all weather conditions. UL listed to NEMA 3R requirements resistant GFCI outlets and 4-port USB outlets. Also to ensure optimal performance. available unwired.

Durable, Premium Finishes – Available in three outdoor-rated finishes to complement your space design. Choose from black, bronze or silver.

Device Shelves – Add up to two pairs of shelves to co hold mobile devices while charging. m

A/V & Communication Compatible – Add an A/V-Communication Kit to 3gang versions to accommodate Wiremold AVIP plates as well as decorator A/V or communication devices. Enables pedestal to support outdoor presentation areas and classrooms, eliminating the need to bring cables from inside a building.

Door Options – Interior illuminates when door is open. Replace standard color-matched door with a transparent version to make devices inside more visible. Or, select a lockable door for added security or to ensure use is limited to facility personnel.
